# About us

At Vinologie, we are passionate importers and distributors of exceptional wines, proudly serving the island of Cyprus. Our portfolio includes some of the world's most iconic brands, while at the same time we are constantly exploring new horizons to discover emerging, talented winemakers who bring fresh passion and perspective to the world of wine.

At the heart of our mission lies the concept of the Vigneron—people who pour their soul and commitment into crafting wines of authenticity and excellence. Their dedication drives us to seek out great wines and share them with equal care and reverence.

Our young and dynamic team, led by sommeliers Konstantinos and Daniel, is fueled by an endless thirst for knowledge. Through ongoing education, travel, and hands-on experience, we are constantly deepening our understanding of the world of wine—and we can't wait to share it with you.

Communicating our brands to professionals is something we value deeply. That's why we entrust this role to Sotiris Neophytidis — one of only around 290 Master Sommeliers worldwide, and the only one in Cyprus.

With passion and expertise, he leads masterclasses, staff training, dinners, and tailored tastings, showcasing our work in the most impactful way.

An importer's true identity shines through its portfolio. To that end, we have entrusted this essential aspect to one of Europe's most influential Masters of Wine, Yiannis Karakasis. A leading expert in Greek and Cypriot wines, Yiannis founded the groundbreaking communication platform Great Greek Wines, bringing global recognition to Greek wine. His most recent book, *The Wines of Santorini*, was honoured by being longlisted for the prestigious André Simon Awards.

We are not just wine importers—we are storytellers, curators, and lifelong students of this beautiful craft. Let us bring the world of wine to your glass, one unforgettable bottle at a time.
